RE: **Federal Register** October 11, 2002
Docket Number LS-02-13 "Establishment of Guidelines of the Interim Voluntary country of Origin Labeling of Beef...."

Dear Gentlemen & Ladies:

The voluntary guidelines of COOL aren't at all what the legislation intended. I supported Country of Origin Labeling because I thought it would separate U.S. grown beef from foreign or imported beef. Now, it looks like state labeling programs do not meet the requirements of COOL. I would appreciate it if you would remove that provision.

Thank you,

Sid Goodloe
